In order to continue its development, we are actively looking for a m/f:

**General Manager – I-Tech Incubator**

**Responsibilities**:

As a General Manager, you are responsible for the incubator’s strategy, operations, finance, planning, marketing and promotion. You are also the main interface for entrepreneurs in the life sciences sector. This includes the following responsibilities:

General management, promotion and development:
- Define and implement the incubator’s strategy in close collaboration with the board.
- Coordinate and support the team, and plan of the resources, budgets and operations.
- Develop and take advantage of the business/scientific mentor network for incubated projects.
- Establish partnerships with other organizations, industries and public institutions.
- Be the face of the Incubator and actively promote it through various channels.

Support to life sciences start-up projects:
- Pre-incubation: screen proposals, generate deal flow and define incubation plan.
- Incubation: define and implement business model/plan, coordinate business development, support facilities and (private/public) funds raising.
- Plan relevant and stimulating workshops/events/webinars for the Incubator.

**Profile**:

- Master degree in sciences or equivalent through experience. An additional MBA would be an asset.
- 7-10 years experience in life sciences business development within start-up or in the industry.
- Sound knowledge of start-up business model/plan and financial plan definition.
- Strong interest in entrepreneur business model/plan and financial plan definition.
- Professional and positive attitude, organization and dependability.
- Fluent communication in French and English. Any other language is an asset.
- Analytical, team player with outstanding interpersonal and leadership skills.
- Polyvalent, rigorous, flexible and reliable.

**Offer**:

- A diversified position including interesting responsibilities and projects.
- The opportunity to reinforce and to lead a performing and welcoming team.
- Varied contacts within the scientific world, the industry and investors’ community.
- Training, personnel development and evolution opportunities.
- An attractive salary package in line with the position responsibilities and your experience.
