An agenda for UNICA

Stavros A. Zenios
Rector, University of Cyprus

UNICA General Assembly
Moscow, November 2007
OUTLINE

- Broad themes: where do we stand
- Specific themes: what should we do
- Who am I
Broad Themes

1. Internationalization and mobility
   1. Further promote faculty and staff exchanges
   2. Faculty exchanges foster academic excellence while administrative exchanges help us in identifying best practices
   3. Work together on joint projects

2. Education
   1. UNICA European Campus should be promoted by all of us with vigor
   2. Focus on PhD programs; it is at the Third Cycle level where we stand to gain most from working together

3. Research and Development
   1. We represent some of Europe’s leading research Universities
   2. Promote joint Doctoral programs
   3. Exchange best practice experiences in research administration
   4. Collaborate in information sharing and lobbying activities in Brussels
1. **Links with society**

1. Universities of the Capitals have been playing an important role in urban development.
2. We could also play a role in transforming our cities into Knowledge Regions
3. Links with industry a great opportunity and a severe threat

2. **Strategy and Policy**

1. Demands for full cost accounting
2. Renewed interest in old debate of University autonomy and accountability
3. Autonomy is but the means to an end, and our presence in our Nations’ capitals, near the seat of power, puts us in a unique position to lead discussions on this issue.
1. Select a theme and encourage mobility to promote it
2. Quality Culture at both the administrative and academic levels
3. Conclude with a Workshop to share experiences
2. Education

1. Bologna Lab extended to Doctoral studies
2. UNICA Student Competition:

UNICA Entrepreneurship Competition for Students and Young Researchers
3. Research and Development

1. A PhD Working Group
2. Research Officers Group
3. European Collaboration Office in Brussels
4. *Links with society*

1. Urban Development – Knowledge Regions
2. Intermediaries between Universities and Industry
3. Conference on Knowledge Regions

*(Think tank, University of Copenhagen)*
5. Strategy and Policy

1. Rectors Seminar on full cost accounting
2. Structured dialogue on accountability with autonomy
4. UNICA Working Group could promote this dual theme
