16:30-18:30 IROs summing up
SOCRATES, Leonardo, Life Long Learning + ideas for new projects
TOWARDS 2010 WORKSHOPS

EUNIRO Meeting

Friday 11 May 2001, University College Dublin

1. Human Resources
Profile, qualifications, expertise, skills, training, professionalism, Continuous Professional Development programmes.

Expected Deliverable: job description(s) of main categories of staff

Participation of Andreas Mallouppas*

2. Infrastructure and use of new technologies
Office location, IRO information center, office IT infrastructure, types of database(s), dissemination of information, web site and electronic publishing, internal communication, hiring assistance from students and outside services.

Expected Deliverable: Office Outline Plan and typical budgetary headings

Participation of Sofia Blazejewska*

3. IROs activities and functions
Student information, research administrative and other support, EC programmes information dissemination and administrative support, presentations to staff and students of EU and other programmes, bilateral collaboration etc.

Expected Deliverable: list of all future major tasks that may be expected from IROs

Participation of Roberta Evangelista*

4. IROs status within the university
Organization and structure of the most appropriate IRO status: centralized or decentralized office, position in University hierarchy, suggested typical organogramme, relations with other administrative and academic departments, relations with external organisations

Expected Deliverable: suggested typical, generic organogramme

Participation of Kris Dejonckheere*

5. IROs links with professional associations, civil society, industry, EU and other organizations, national authorities, other universities, funding agencies.

Expected Deliverable: mechanism on how to exploit these links, how to set up collaboration + promotion of networking

Participation of Markus Laitinen*

6. Mechanisms for policies development and implementation
How should policy be formulated, promoted and monitored. How should quality assurance and priorities be set. How are new actions (Bologna) handled. What should be the role of the IRO in policy formulation and implementation. What is the balance between faculty and administrators.

Expected Deliverable: Suggestions on typical mechanisms on how above and other issues should be implemented

Participation of Antoinette Charon*

*Members of the EUNIRO Technical Committee
TOWARDS 2010 WORKSHOPS
Registration form
EUNIRO Meeting
Friday 11 May 2001, University College Dublin

Please fill in and fax this form to the UNICA secretariat +32 2 650 49 92 before 7 May 2001.

First Name:………………………………………………………………………………………………..

Last Name:………………………………………………………………………………………………..

University of:…………………………………………………………………………………………….

would like to attend the working group on Friday 11 May 2001
(please rate from 1 to 6 in order of preferences - 1 is the workshop you would prefer to attend)

1. Human Resources

2. Infrastructure and use of new technologies

3. IROs activities and functions

4. IROs status within the university

5. IROs links with professional associations, civil society, industry, EU (+ Bologna), national authorities, other universities, funding agencies.

6. Mechanisms for policies development and implementation

Would you like to chair a working group ? YES NO

If yes, which one(s) ?

- 

Chairmen will be briefed in Dublin on Thursday evening.
